

Safety Health and Environment Technician ST0550/V1.2

Level 3

24 Months

4 Months

Assessment Methods

Knowledge Test

Project Report and Presentation with Questioning

Professional Discussion underpinned by a Portfolio of Evidence

Gateway Requirements

- Level 2 English and Mathematics
- Portfolio of Evidence
- Project Title and Scope
- Gateway Declaration Form
- Site Health & Safety and Risk Assessment Form

Occupational Profile

The SHE Technician will be able to work in organisations of varying size and industry; the role could be based in one location or may involve travel across a range of contracts. The role will be partly office based and partly at the work front providing advice to others on how to work without harming themselves or others. The Technician will work with the management and delivery team of the organisation to advise on the statutory health, safety, and environmental requirements as they affect the company's operations.

Grading

The standard is graded overall: Fail, Pass or Distinction

End Point Assessment

Knowledge Test

The online knowledge test consists of 40 multiple-choice questions. The apprentice will have a maximum of 60 minutes to complete the test.

Project Report and Presentation with Questioning

The apprentice writes a 3,000-word project report within the first 12-weeks after Gateway based on a project conducted during the on-programme period that has a real business benefit. The apprentice presents their report to the Independent Assessor who will ask clarifying questions. The presentation and questioning will last 40 minutes, typically including a 20-minute presentation followed by 20 minutes of questioning.

Professional Discussion underpinned by a Portfolio of Evidence

The purpose of the professional discussion will be to seek clarification on the project report or presentation and to assess the apprentice's depth and breadth of knowledge, skills, and behaviours. The professional discussion will last for a duration of 60 minutes.
