- Level 2 English and Mathematics
- Gateway Declaration Form
- Site Health & Safety and Risk Assessment Form

Occupational Profile

Supply Chain is at the heart of every business – it is a system of organisations, people, activities, information, and resources involved in moving products or services from supplier to customer. It may include the transformation of natural resources, raw materials, and components into a finished product. 12 weeks

Grading

The standard is graded overall: Fail, Pass or Distinction

End Point Assessment

Knowledge Test

All knowledge will be assessed in the written knowledge test. The test will consist of 30 multiple-choice questions and last for a maximum of 90 minutes.

Project and Presentation

The 3,000-word workplace project report will assess the apprentice's ability to effectively use the techniques described within the standard. The presentation and Q&A will typically last a minimum of 45 minutes and no more than one hour; the presentation will be for a maximum of 15 minutes.

Professional Dialogue and Interview

The professional dialogue and interview is a structured discussion between the apprentice and an independent assessor covering a range of knowledge, skills, and behaviours. The interview will typically last 30–40 minutes duration.
