About OAL

Occupational Awards Limited (OAL) is a leading apprenticeship assessment and awarding organisation, committed to elevating workforce skills and standards across diverse industries. Valued by employers, training providers, and apprentices, OAL delivers adaptable and responsive solutions tailored to the specific needs of each sector.

Our rigorous quality assurance processes, combined with a dedication to innovation and exceptional customer support, establish OAL as a trusted ally in professional development and assessment. By choosing OAL, you align with an organisation that champions transparency, expertise, and industry relevance, ensuring that every learner is valued, every assessment is fair and consistent and that our qualifications reflect and develop the competencies essential for today's evolving workforce.

OAL has extensive long term experience in awarding, assessment and accreditation for over 10 industry sectors, we're well equipped to provide you with the knowledge and recognition to equip learners with the skills to succeed.

What makes OWL different

OWL isn't just "another e-learning platform." It's built on the foundation of OAL's long-standing expertise in qualifications, apprenticeship standards and bespoke programmes. That heritage shapes every part of the OWL learning experience.

Benefits of the OWL Platform

- Learn anytime, anywhere - Access high-quality courses online at your own pace, on any device, wherever you are in the world.
- Wide range of industry-relevant courses - From AI and digital skills to wellbeing, green skills, and employability, OWL offers content designed to meet modern workforce needs.
- Developed by experts - Built on OAL's extensive experience in qualifications, apprenticeships, and assessment, ensuring trusted, high-quality learning.
- Flexible and self-paced learning - Learners can fit training around their schedules, making it ideal for both individuals and busy organisations.
- Enhance career opportunities - Gain valuable skills that support career progression, personal development, and workplace readiness.
- Engaging and practical content - Courses are designed to be interactive, accessible, and applicable to real-world scenarios.
- Supports wellbeing and personal growth - Includes specialist topics such as mental health, inclusivity, and personal development to support holistic learning.
- Scalable for organisations - Perfect for training providers and employers looking to upskill teams efficiently and consistently.
